Expert Transportation Solutions

MVT stands as one of the leading privately owned truckload carriers, spanning coast-to-coast and beyond borders in the dry van market. Our commitment lies in delivering eco-friendly solutions that resonate with our customers' aspirations for CO2 emission reduction. With a robust terminal infrastructure strategically positioned to serve key Mexican markets via Laredo, El Paso, Nogales, and Calexico/San Diego, we are actively translating our sustainable vision into tangible real-time outcomes. Our unwavering focus extends to security, particularly in handling high-risk shipments, which we ensure through comprehensive GPS coverage on all our trucks and trailers.

Cross-Border Capabilities

- Maximized capacity by using both, B1 and US CDL drivers.
- 600,000 sq ft space of cross-dock and warehousing on the border.
- An all-in-one Mexico platform, maximizing capacity with the help of partners and our own assets.
- 400+ B1 binational drivers ensure smooth cross-border freight movements.
- Collaborate with shippers to create tailored lanes, segments, and loops, providing customized solutions.
